# LANGSTON UNIVERSITY

## LOCATION AND HISTORY

Langston University is located at Langston, Oklahoma, eleven miles east of Guthrie and one and one half miles west of Coyle on State Highway 33. The College is situated on a beautiful hill overlooking a vast expanse of open prairie.

The institution was established by Act of Territorial Council and House, March 12, 1897. Its doors were opened to students in the fall of 1898.

## STANDING OF THE UNIVERSITY

1. Member of the Oklahoma State System of Higher Education
2. Member of the North Central Association of Colleges and Secondary Schools
3. Accredited by the Oklahoma State Board of Education
4. Member of the Association of American Colleges
5. Approved by the U.S. Department of State for exchange of foreign students
6. Accredited with the Veterans Administration and operates a contract which enables veterans to obtain full educational benefits under the "G.I. Bill of Rights"

## CAREER OPPORTUNITIES

America needs every citizen developed to the extent that he may serve at the level of maximum proficiency. Langston University has had unparalleled success in helping the State of Oklahoma meet the educational needs of an expanding economy. For more than sixty years the institution has contributed its full share of clerks, typists, secretaries, accountants, county agents, farmers, agricultural workers, teachers, pre-professional trainees to help supply needed dentists, nurses, doctors, technicians, and many other needed workers. The worth of these services to the State of Oklahoma is also reflected in the improved family life and the sense of civic responsibility displayed by graduates and former students, who now live in the state. As good as this record of meeting the educational needs has been, there is need for its expansion until every educable youth of Oklahoma has been provided the opportunity for a college education.

# DEDICATION

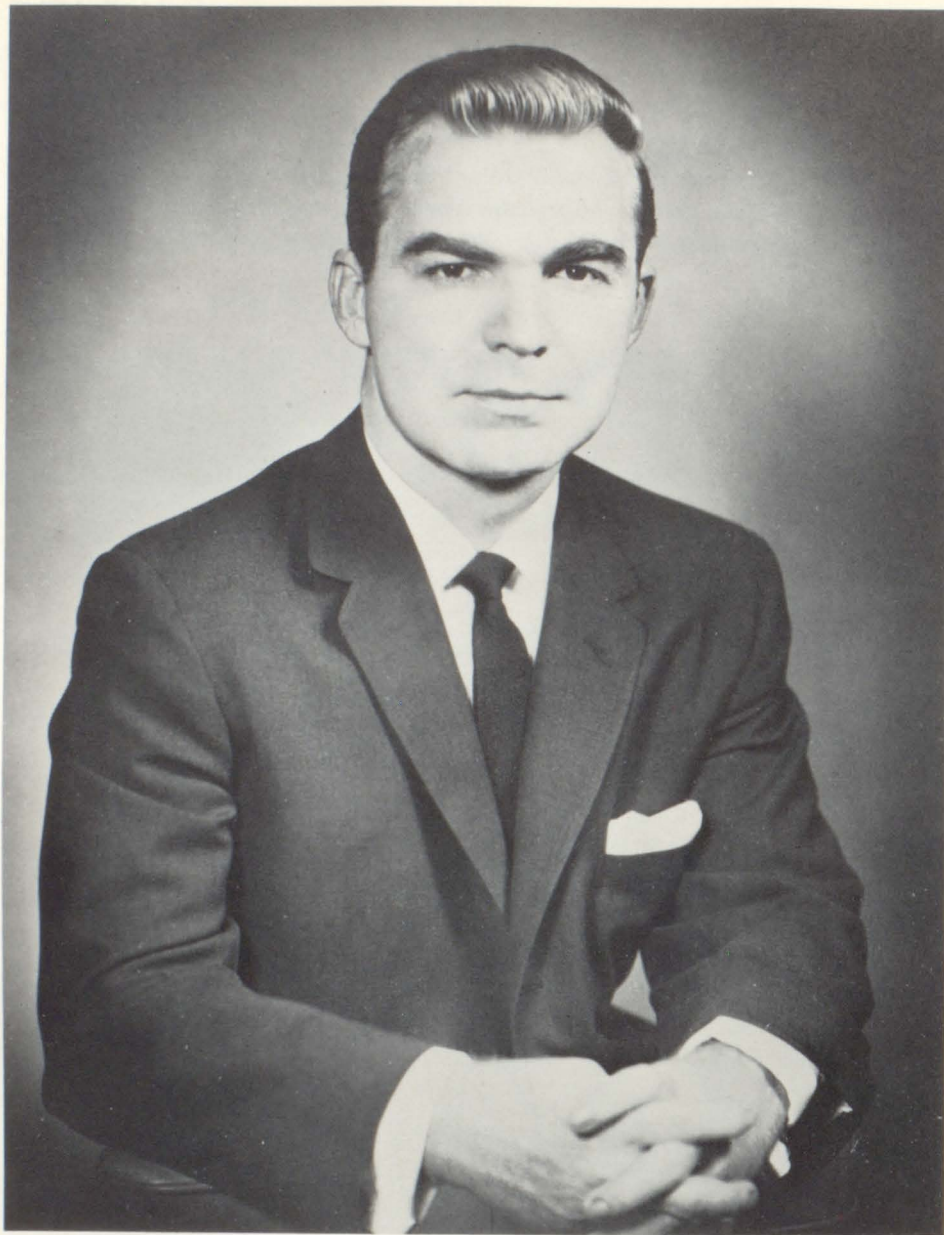

"Because time is short, because threats are great, and above all, because man is man, the explicit recognition of the fetters upon man's mind and the deeper understanding of human directions of growth are the most pressing of the tasks of self-emancipation, with which modern man is confronted.

Gardner Murphey

DR. WILLIAM H. HALE, PRESIDENT

For distinguished service and leadership of youth, for courage, initiative and resourcefulness in promoting the welfare of Langston University, and for devotion to and contributions in the field of education, the students proudly dedicate the 1961 Yearbook to Dr. William H. Hale, President of Langston University.

J. HOWARD EDMONDSON  
GOVERNOR

Dear Students and Members of the Faculty:

It gives me a great deal of personal pleasure to extend to you my best wishes upon this important occasion-- the completion of another year at Langston University.

The State of Oklahoma has every reason to be extremely proud of its institutions of higher learning and of the Oklahomans who operate them and who attend them. They are among the finest in all the land.

The contribution which you will make to your society in the years ahead will be molded in great part by these experiences which you have had at the University and I am confident that the instruction and training is of such a high caliber as to increase to new highs the potential of a great group of young Americans.

Sincerely,

*J. Howard Edmondson*  
GOVERNOR

## THE PRESIDENT TALKS

... spurs student leaders to action.

Dr. Hale reviews daily schedule with secretary Johnson.

The President and these students enjoy a wholesome meal and a wholesome discussion in the Langston University Dining Hall.

... A dynamic speech is delivered to the Langston Family.

## TO STUDENTS, FACULTY, ALUMNI AND FRIENDS

Out of the red clay of the Oklahoma hills was fashioned a school on the prairie. Out from the farms and the factories have come those to drink of her knowledge. Into the life stream of a state, a nation and a world have poured their blood, their sweat and their tears to cement the blocks of a new society emerging.

This is the rich heritage of the sons and daughters of Langston. This, the legacy which those of us who now walk her halls must preserve.

As we enter into a new phase of her life, as we reach for new horizons, I pray we do so in the spirit of the long forgotten poet who said:

. . . And I said to the man who stood at the  
gate of the year  
Give me light that I might tread safely  
into the unknown  
And he said unto me  
"Go out into the darkness and put your  
hands into the hand of God  
That shall be for you better than a light  
and safer than a known way."

William H. Hale, *President*  
Langston University

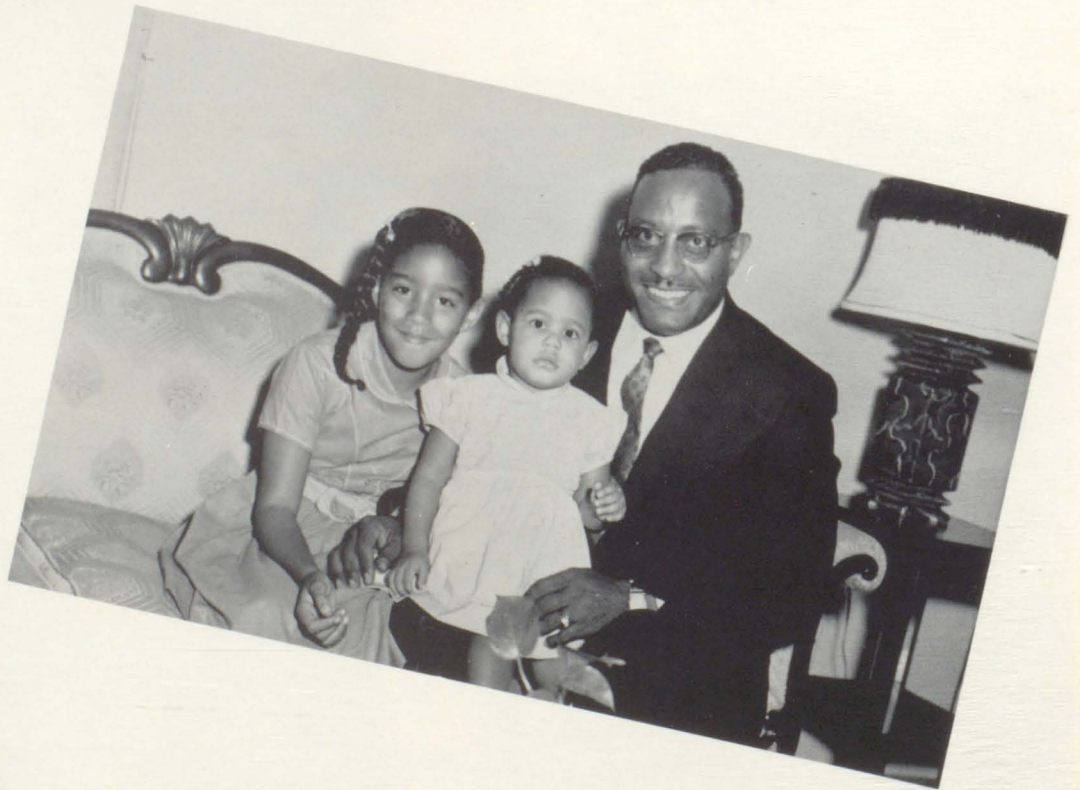

## THE PRESIDENT AND HIS FAMILY

Dr. Hale, relaxing after a hard day at the office, enjoys TV with Mrs. Hale.

DR. and MRS. WILLIAM H. HALE

The President shows a smile of double pride for his daughters, Gina and Janice.

## THE PRESIDENT

... receives from the Langston University Alumni Club of Los Angeles, California, an Achievement Award as the Outstanding Alumnus of the Year.

... receives a presentation to the campus from the Omega Psi Phi Fraternity.

... Mrs. Hale and Janice wait for plane to Florida with coaches Crisp, Crowell, and Johnson.

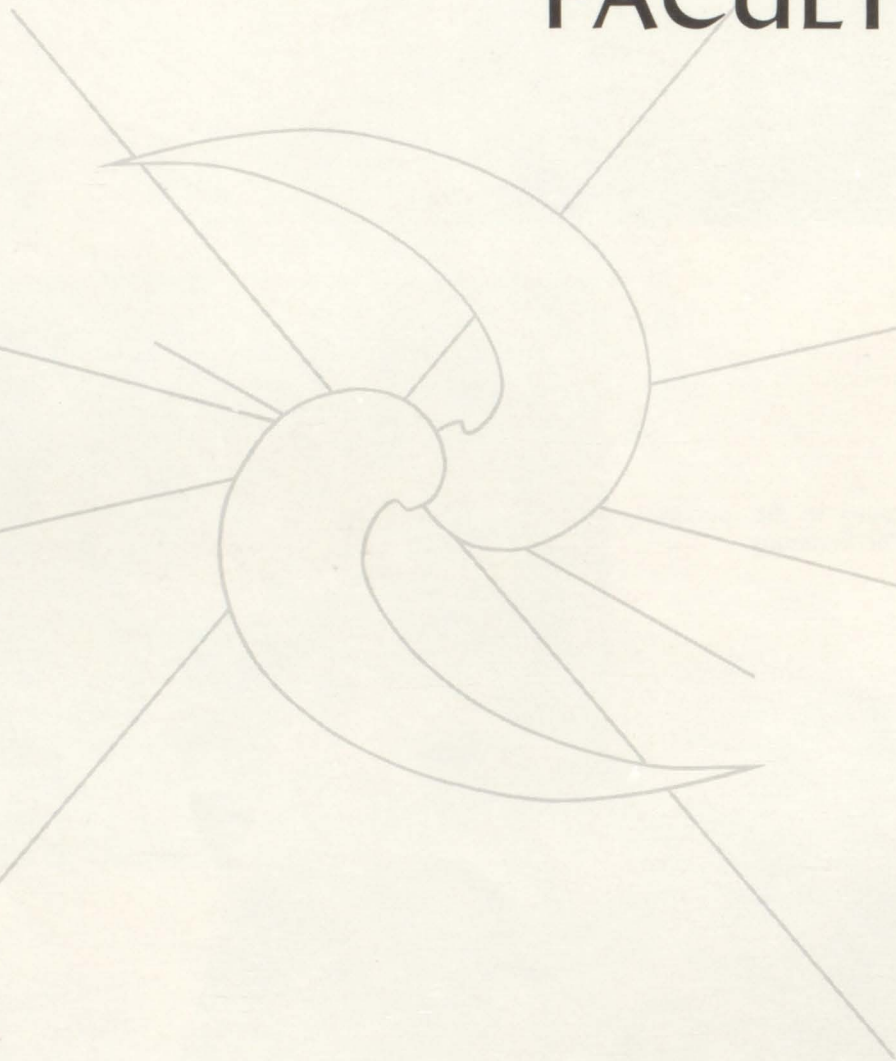

... waves to many people in Florida at the 1960 Orange Bowl Classic parade. Mrs. Hale and daughter, Janice, enjoy the greetings and ride also.

# 1960 LANGSTON SQUAD

Scenes from trip to Miami

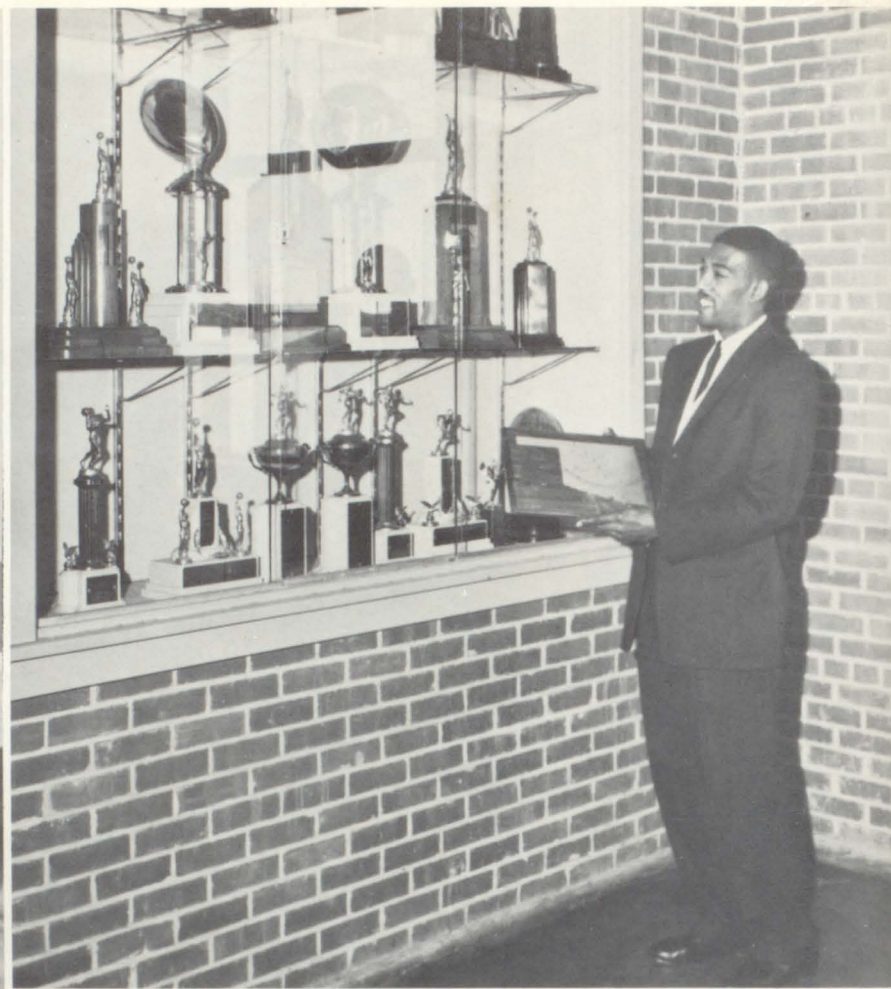

The Queen of Langston

At the airport

#### DONALD L. SMITH, ALL-AMERICAN

In a recent Oklahoma Collegiate Conference game, Langston quarterback Donald Lee Smith was hurled to the ground by a rival tackler.

"I thought you were the guy who's supposed to be so good," cracked the tackler.

"Well," smiled Smith as he hauled himself to his feet, "at least you know who I am and I never heard of you!"

And that's true. Rarely if ever, has a small-college football player made such a name for himself in Oklahoma.

In 1957 the Lions didn't win a single football game and although Langston was to become a member of the Oklahoma Collegiate Conference the next season, other member schools didn't feel much real competition had been added.

But before the 1958 campaign arrived, coach Tim Crisp was hired to return Langston's football program to lofty heights. With him came Donald Lee Smith, whose passing had paced Crisp's Ardmore Douglass team to the state Class B high school championship.

The result has been amazing. As a freshman Smith ranked fourth nationally with 1,132 passing yards as the Lions won four and lost three before losing in the Prairie View Bowl.

Smith completed nearly 53 percent of his aerials that year on 76 of 144. And before the next season began, Crisp went on record as saying, "I hope Donald Lee can do better this year."

That was a tall order, but then Smith is able to fill such requests. As a Sophomore in the '59 season, he threw for 1,438 yards and completed better than 62 percent of his throws. He tossed for 15 touchdowns and Langston smashed through all conference rivals with ease and finished with a 7-1 record.

(MH4) MIAMI, FLA., Dec. 10—RATTLERS RUSH PASSER—Quarterback Donald Smith, Langston University, is rushed by Florida A&M Willie Fleming, #78, and Jim Miller, #83, losing a yard on the play in the second period.

# DEPARTMENT OF AGRICULTURE

Professor H. J. Battle, *Director*

The total Agriculture program at Langston University is built around the philosophy that the primary function of the division is to serve the educational, cultural, professional and vocational needs of students interested in certain aspects of agriculture. It strives to provide training opportunities to meet the changing needs in certain phases of agriculture as evidenced in the State of Oklahoma and in selected agricultural fields of occupational employment opportunities.

# DEPARTMENT OF BIOLOGY

Assistant Professor G. C. Hamilton, *Head of Department*

The aim of the Department of Biology at Langston University is to prepare young men and women for their life's vocation. Today, records show that the United States is in great need of scientific thinkers. The Department has many graduates in such professions as medicine, nursing, teaching field and laboratory technology.

The enrollment of the Department has been increased in the following: (1) Research in Biological Sciences, (2) The teaching of Biology, (3) Pre-dentistry, (4) Pre-medical, (5) Pre-nursing, (6) Laboratory technology.

# DEPARTMENT OF BUSINESS ADMINISTRATION AND BUSINESS EDUCATION

Professor Mizura Allen, *Head of Department*

The department of Business Administration and Business Education has a two fold purpose: (1) to provide professional training in accounting and general business, and the background for advanced work in these areas; (2) to train teachers of business subjects for the secondary schools by offering courses required to qualify for the certificates in bookkeeping and clerical practice, and business education.

# DEPARTMENT OF EDUCATION

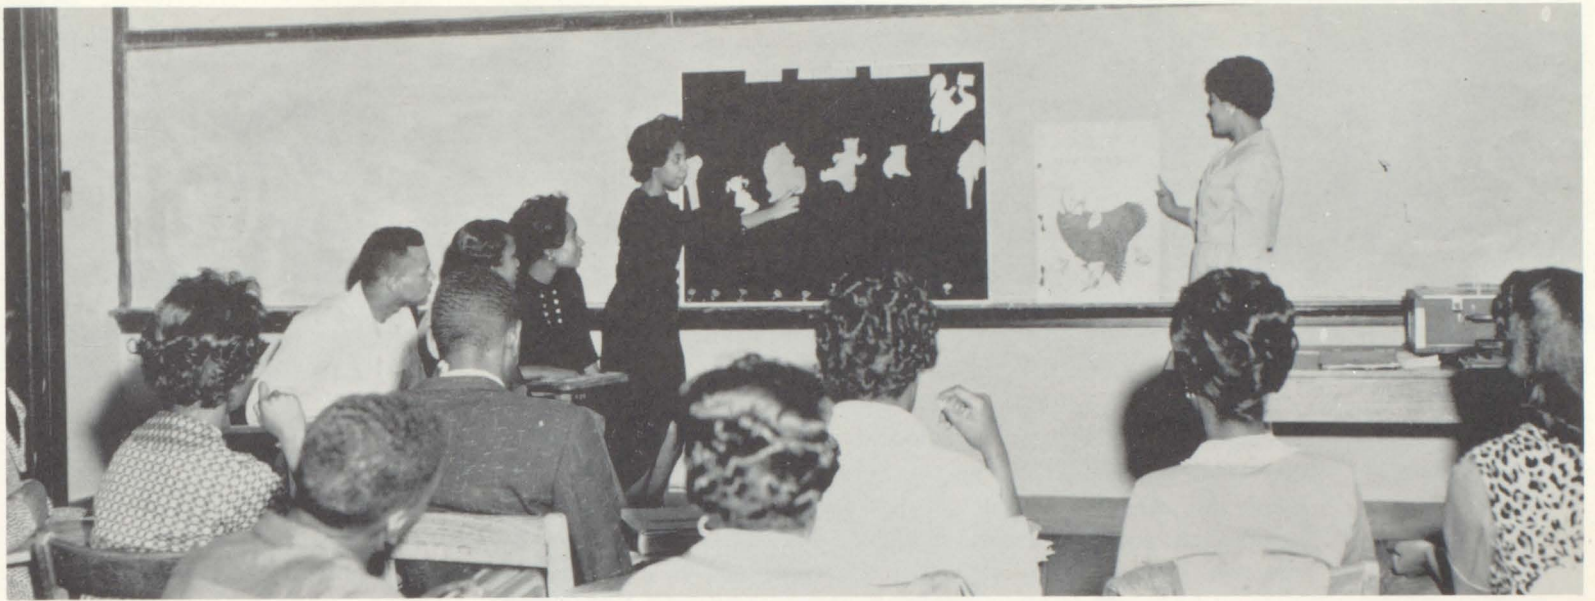

Professor A. C. Shropshire, *Director*

The division of education offers professional courses for the preparation and improvement of elementary and secondary school teachers. Specifically it seeks to guide prospective and in-service teachers in the selection of non-specialized courses in the major fields of knowledge; and to provide experiences leading to the development of competences necessary for successful participation in community living and in understanding, teaching and guiding children.

A degree program is administered by the division of education. A curriculum leading to the degree of Bachelor of Science in Elementary Education is offered for students who wish to prepare for teaching in the elementary grades.

# DEPARTMENT OF HOME ECONOMICS

Professor S. G. Washington, *Director*

The Division of Home Economics focuses its program of study toward the field of learning which provides knowledge and services primarily concerned with strengthening family life; uses the knowledge drawn from the physical, biological and social sciences, and the arts; and aims to help individuals and families to develop competences fundamental to effective living in the economic, psychological, political and social situations they will face in the future.

It further emphasizes the need to develop constructive understanding and appreciation of desirable relationships, beauty of surroundings, high social, moral and ethical ideals, physical fitness, and creativeness in meeting our day to day problems of the home and family well being.

## OBJECTIVES:

The curriculum in Home Economics is planned for students who wish: (1) To prepare for teaching Home Economics. (2) To gain background training required for various professional fields. (3) To gain general knowledge of Home Economics for personal enrichment. (4) To acquaint the young homemaker with some of the managerial skills and techniques necessary to meet the needs of persons living in a modern and changing world. (5) To educate youth for the dual responsibility of earning a livelihood and of living an effective life. (6) To stress the value of acquiring high moral standards and ideals.

The curriculum leads to a Bachelor of Science Degree in Home Economics. Vocational and/or general teaching certificates may be obtained on the completion of the degree program.

# DEPARTMENT OF LANGUAGE ARTS AND MODERN FOREIGN LANGUAGES

Professor C. D. Batchlor, *Acting Head of Department*

The Language Arts Program provides opportunity for students to improve skills in speaking, listening, reading, writing, demonstrating, observing and thinking.

The Language Arts literary offerings include survey courses basic to the cultural experience of all students, and selected specialized courses essential to the professional proficiency of English majors and minors.

At this mid-twentieth century foreign languages have attained a unique significance with regard to their role in the national welfare and security. As the universe shrinks and moves toward "one-Worldism," the need for an understanding of other languages becomes increasingly more acute.

# DEPARTMENT OF MECHANIC ARTS

Professor E. A. Miller, *Director*

The Division of Mechanic Arts has a three-fold purpose to perform: (1) To satisfy the needs of the prospective teacher of Industrial Arts. (2) To satisfy the needs of the individual who does not plan to teach Industrial Arts, but desires to pursue a collegiate course planned to develop his cultural as well as his technical knowledge of production, consumption and recreational abilities in an industrial society. (3) To satisfy the needs of the individual who desires information and Trades Experience in a particular field.

# DEPARTMENT OF MUSIC

Professor T. J. Anderson, *Head of Department*

Recognizing the many varied possibilities of both taste and appreciation, the Department of Music endeavors to develop the cultural appreciation of all Langston students with provision of vocational and avocational services. For the performer, participation in the various musical organizations sponsored by the department offers unusual opportunities within the realm of practical experience. The degree program in Music Education affords not only a sound education in music but a liberal college education as well with courses in the humanities, social sciences, and related areas. The department maintains constant affiliation with several national organizations within the field. Cooperating with the various agencies of the university, the department schedules recitals and concerts for cultural enrichment. It is hoped that through this program, geared for both variety and individuality within the realm of student needs, the advancement of an aesthetic art is served.

# DEPARTMENT OF TRADE AND INDUSTRIAL EDUCATION

Assistant Professor N. B. Dillon, *Head of Department*

The Department of Trade and Industrial Education serves as one of the two agencies in Oklahoma, appointed by the State Board for Vocational Education, to offer instruction for the preparation of teachers of industrial vocational education. This function is accomplished, in part, through campus classes for employed and prospective teachers of shop and related subjects during the regular summer session and, later meetings are held on week-ends at the university and during the week in centers throughout the state. Individual in-service instruction for teachers is accomplished through a program of itinerant teacher training.

The courses offered in the department of Trade and Industrial Education are planned to prepare persons who have the proper technical and industrial background to qualify as teachers of trade classes and related subjects.

# DEPARTMENT OF PHYSICAL EDUCATION

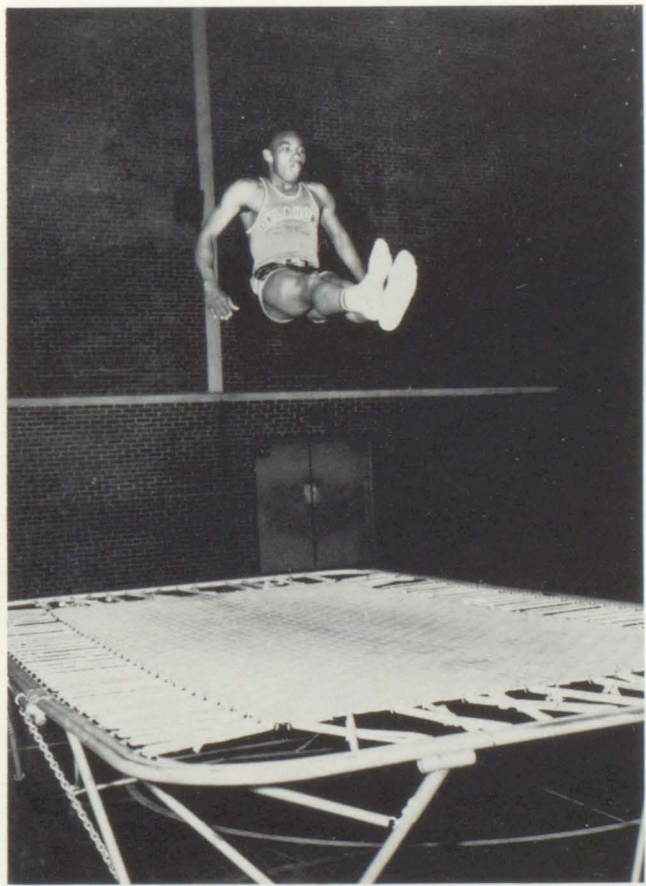

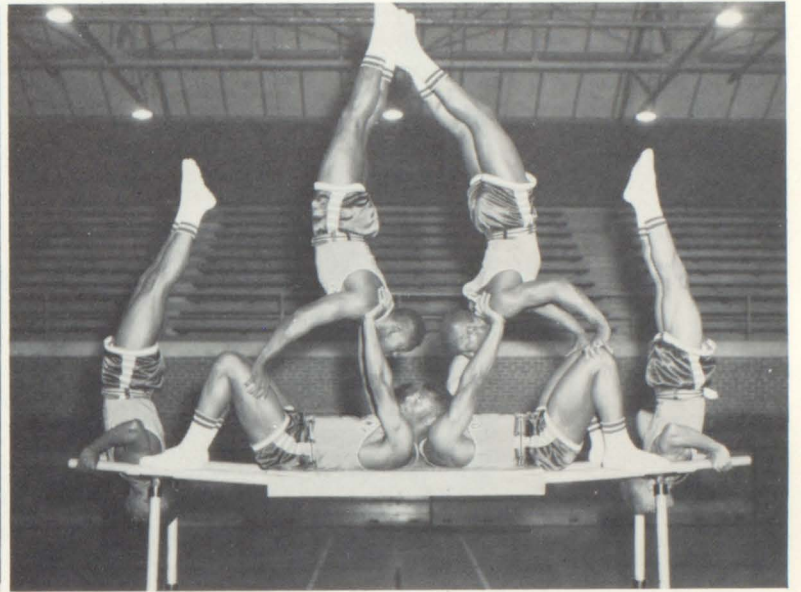

Professor I. A. Breaux, *Head of Department*

The curriculum of the Department is designed to meet the general requirements of the university and to prepare students who are specifically interested in and adapted to the field. Through this specific type of preparation students are qualified to work in the following positions: Teaching Physical Education and Health, as Athletic Coaches, and Recreation Directors.

# DEPARTMENT OF PHYSICAL SCIENCES

Professor Franklin D. Hill, *Head of Department*

A study of chemistry is essential to a better understanding of the processes of nature and the practices of Agriculture, Home Economics, and Industrial Arts. The employment of the basic principles of chemistry helps to advance all fields, including the social sciences. Chemistry is a prerequisite for many other courses in science.

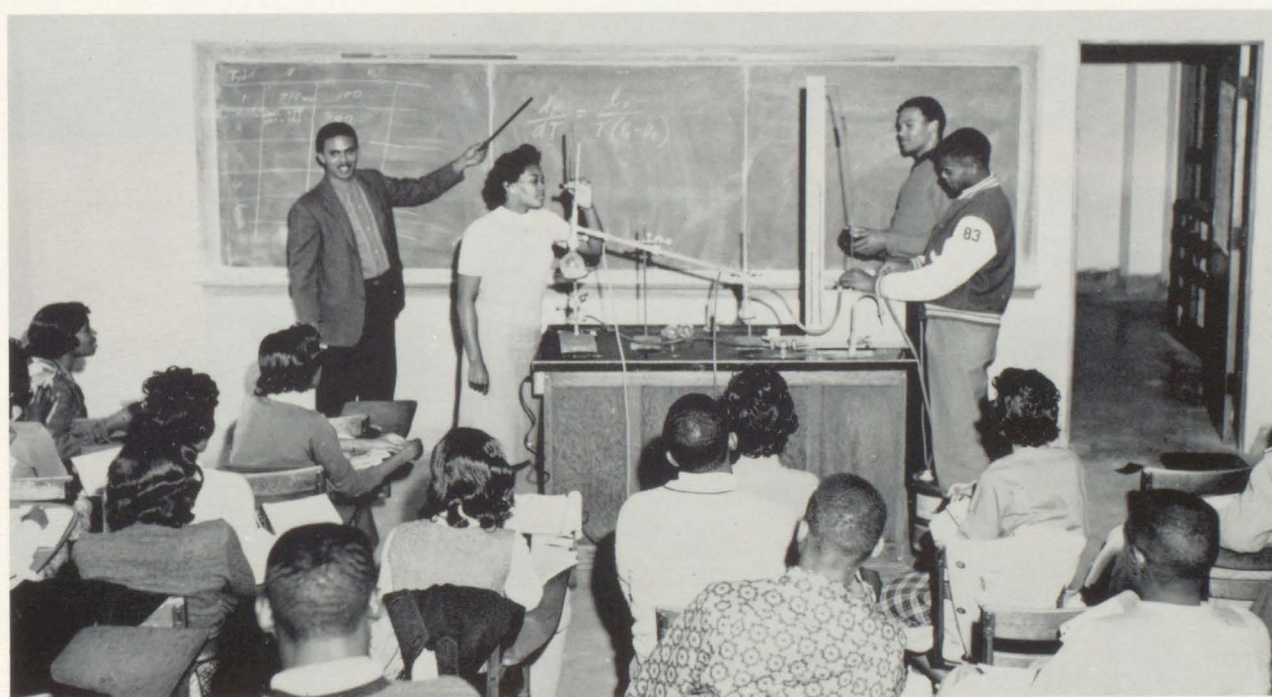

The purpose of the courses in chemistry is, therefore (1) to provide a sound fundamental knowledge of chemistry for chemistry majors and minors, (2) to provide pre-professional training for the fields of Medicine, Dentistry, Pharmacy and related courses, (3) to give the background necessary for successful science teaching in educational institutions, (4) to enable students to comprehend and use chemistry in the solution of problems in Industrial Arts, Agriculture and Home Economics, (5) as a general education course for students not desiring a technical background.

# DEPARTMENT OF SOCIAL SCIENCE

Ada Lois Fisher, *Instructor—Acting Chairman*

The Social Science Department includes the subject fields of History, Sociology, political science, philosophy, geography and economics. A major may be obtained in History or sociology.

The courses and facilities of this Department are designed: (1) to provide a background of knowledge in the social sciences; (2) to train students for a teaching and research investigation in the social sciences; and to assist students to acquire a "Problem-conscious" attitude toward contemporary social problems, with the expectation that they will desire to participate in their solution.

ΚΑΨ was founded January 5, 1911, on the campus of Indiana University at Bloomington, Indiana. The original ten founders entertained the fact of establishing the fraternity upon a firm foundation before entertaining thoughts of expansion. Kappa Alpha Psi offers its members unlimited opportunities for self-development, assertion and maturity. It satisfies the desire for group identification which is so deeply rooted in the American way of life and culture.

## PSI PHI CHAPTER

Left to Right: Samuel L. Mingo, Earl Davis, Howard Caver, Commodore Primmous, Everett Baucom, Lecile Bostic, Ralph Steger, John Ellis, Lawrence Horn, Troy Cox, Johnny Randolph, Charles Thomas, Joseph Key.

SITTING: Basileus Leon Wilson, Vice Basileus Ed Randolph.

Phi Psi Chapter of Omega Psi Phi Fraternity was chartered on July 21, 1933, upon the initiative of Brother E. A. Miller. The chartered members were: Brothers C. D. Batchlor, William Hogg, Marcellus Reed, Henry Shegog, Elza Hunter, George Lythcott and L. C. Williams.

This chapter has contributed annually to the N.A.A.C.P., the Y.M.C.A. and the Y.W.C.A. The annual program sponsored by Phi Psi Chapter is the "Omega Show Boat."

Phi Psi Chapter is run in accordance with the four cardinal principles, which are manhood, scholarship, perseverance and uplift. Everything the brothers of this chapter do is centered around these cardinal principles.

"Que Psi Phi 'til I die."
