Miss Mary Chambers, Teacher in the Department of Physical Sciences, has been notified of her acceptance to participate in a forty-week institute for college teachers of the physical sciences. The principal objective of the program is to provide participants with a background in science and science teaching methods that will enable them to teach physical science in an interesting manner with both competence and self confidence.

The institute is a cooperative program of the University of Tennessee and the Special Training Division, Oak Ridge Associated Universities and supported by The Office of Education, Department of Health, Education and Welfare under an interagency agreement with the U. S. Atomic Energy Commission.
